Objective:

A curious and determined web developer with a diverse skillset of technical and advanced interpersonal skills. My technical education is focused on PERN stack development while my previous professional experiences give me an edge in effective communication and critical thinking. Seeking a position as a front-end web developer.

Education:

**Eleven Fifty Academy, Web Development Immersive Learning Program, Indianapolis, IN
Graduated December 2021**

- 12-week immersive learning program for Web Development taught with industry guided curriculum, real-world project-based learning, and 500+ hours of logged coding time and training

**Ball State University, Master of Arts - Clinical Mental Health Counseling, Muncie, IN
Graduated August 2015**

**Anderson University, Bachelor of Arts - Psychology, Anderson, IN
Graduated May 2013**

Competencies & Functional Skills:

Problem solving, troubleshooting, creativity, visual communication, customer service, critical observation and thinking, organization, Agile methodology, portfolio development, addressing and resolving business challenges

Technical Skills:

Languages/Libraries:	JavaScript, TypeScript, Node.js, React, Express, JWT, Bcrypt
Cloud Technologies:	Github, Heroku, Firebase
CI/CD:	Agile, Scrum, Git
Databases/ORM:	PostgreSQL, Sequelize
Web Technologies:	HTML, CSS, APIs, Responsive Web Design
Styling Libraries:	Bootstrap, Reactstrap, React-Bootstrap

Technical Projects:

Mood & Muse - a mental health app: <https://jld-mood-client.herokuapp.com/>

- The purpose of this app is to help users track their mood and mental health goals. It's made with PostgreSQL, Express, React, and Node.js. Use of user authentication and authorization. Create, Read, Update, and Delete capabilities. Deployed with Heroku.

NASA's Astronomy Photo of the Day app: <https://jld-api-2.web.app/>

- An app using a NASA API. Users can input a date all the way back to 1995 to view the Astronomy Picture of the Day. Deployed with Firebase.

Static Layout: <https://joseydies.github.io/staticLayout/>

- A static recreation of an artist's web page. Click on the logo to see the original webpage it is modeled after. Deployed with GitHub.

Joke Generator: <https://joseydies.github.io/programmingJokeGenerator/>

- A simple app fetching an API to create a joke generator. Deployed with GitHub.

Professional Experience:

Academic Success Coach, Orbis Education, Carmel, IN, July 2018 – August 2021

- Coached college students through their graduation using best-practice advising methods via electronic or phone communication to increase student success
- Interpreted reports to assess student persistence, retention, and attrition against company goals
- Collaborated with management to improve and develop program processes as well as improve and develop Salesforce CRM functionality
- Was a member of the organization's Diversity, Equity, and Inclusion committee. Participated in the development of the committee by creating a foundation for the bylaws and collaborated/implemented short and long-term goals to foster a more inclusive atmosphere

Licensed Mental Health Counselor, Meridian Health Services, Muncie, IN, October 2016 – August 2019

Crisis Therapist, October 2016 - August 2019

- Assess acute psychiatric crises in the hospital emergency department, hospital medical floors, and office setting
- Collaborate with psychiatrists, hospital physicians, and hospital social workers to implement an effective disposition for acute psychiatric crises

Outpatient Psychotherapist, August 2015 - October 2016

- Provided individual counseling to clients with presenting issues such as depressive disorders, substance use disorders, anxiety disorders, anger issues, personality disorders, relational concerns, homelessness, and trauma symptoms
